

Perfect view that saves power too

- Brightness 200cd/m²
- Contrast Ratio Typ. 700:1
- Viewing angle (Horizontal/Vertical) 90°/65°

Product dimensions

Perfect high speed performance

With a response time of 5ms, you can be sure that your monitor will perform perfectly, even in the fastest moving scenes. This stunning, seamless motion imaging presents movies, games, and internet streamed content with precision and without the motion judder, blurring, and ghosting that can occur on a slower monitor, allowing you to

enjoy a completely immersive viewing experience.

Colour. Magically Enhanced.

Conventional colour is, well, conventional. Professional-quality colour, on the other hand, can be a magical thing, especially with Samsung's MagicColour monitor function. By giving users a range of colour enhancements, MagicColour combines settings of Skin Colour Control, 3-Step Gamma Control and Colour Temperature Control to deliver unparalleled results.

MagicBright 3™

Control your screen's display with just one click. MagicBright 3™ automatically optimises brightness, contrast and gamma correction, based on the mode you choose.
